FORWARD...

In these pages we present the essence of this year's events and teachings, with the hope that, in the light of later years, this single year of our youth may appear undimmed. It is our fervent desire that, as we go forth, we will ever strive to create from our theme . . . LET THERE BE LIGHT . . . a world filled with the light of peace and love. Then, in future centuries, this may be said of our generation: AND THERE WAS LIGHT.

Let there be Light . . . May the light of Thy blessings
ever shine upon us and guide us along the path of wisdom
and truth. May its rays lead us, lighting the moments of
darkness, inspiring the thoughts of men everywhere,
and encircling our lives with love and brotherhood. To Thee,
the Glory of Light, do we dedicate our efforts. May the
light of Thy hand prevail upon us to fulfill our duties as
citizens, our responsibilities as individuals, our
obligations as Thy followers. To Thee, we dedicate ourselves,
and, as children of Thy teachings, strive to use to
capacity the freedom of spirit, mind, and soul
which Thou hast granted us.

EDWARD FRANCIS KENNEDY

Headmaster

Education: Providence College, B.A.; Boston University, M.A.;
C.A.G.S.; Bridgewater, M. Ed.

Your class is graduating at a time in history that offers tremendous challenges and marvelous opportunities to the youth who are prepared and willing to face the future.

For the past four years you have been preparing for these challenges and these opportunities. We know that you have the capabilities and industry to take your proper place in the world.

Your success will be measured more by what you will do for others — your community, your country, your world — than by what is done for you.

I wish you success and happiness in the years that lie ahead.

The Mathematics Department is a department with which every pupil becomes acquainted, for every student takes some form of mathematics during his four years of high school. This department offers the student the opportunity to acquire the knowledge of mathematics he may need for his future profession.

Yes, the doctors, dentists, teachers, lawyers, nurses, secretaries, engineers, carpenters, aviators, and electricians of the future all come under the guidance of the math teachers. A good background in mathematics opens the door to many opportunities.

FOREIGN LANGUAGE DEPARTMENT

The Foreign Language Department, formerly two departments — the Latin and Spanish Department and the French Department, was consolidated under one department head by the School Committee in 1958. The most revolutionary innovation was the installation of the language laboratory in 1960.

The Language Department strives to interest as many students as possible in the study of at least one foreign language. Its other goals are to give adequate preparation in the three languages to students going to college, and to foster in THIS students an appreciation and understanding of foreign culture and customs.

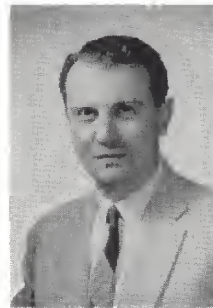

The Junior Classical League, Le Cercle Francais, and La Tertulia are sponsored by teachers in the Foreign Language Department.

HOME ECONOMICS DEPARTMENT

The Home Economics Department aims to train girls to be aware of the value in sound, wholesome family life and to help girls to develop and to maintain homes with happiness and with efficiency.

A department that previously had only two teachers now has four full time teachers. The newest courses added are Family Living and Home Economics Special. The latter course is open to seniors who have not had any Home Economics subjects and includes Foods and Clothing.

This year the girls in the Foods III classes made Christmas cookies and served them with punch to the eighty carolers who took part in our traditional Christmas program. The girls also made Christmas corsages and pixie pins. The Home Economics Club is sponsored by Miss Beth Wilson, head of the department.

MECHANICAL DRAWING

The mechanical drawing classes on the third floor are popular with many students. These classes are always bustling with industrious students who are learning to understand blueprints and to do actual work on them. In these classes the pupils enjoy keeping busy right up to the closing bell.

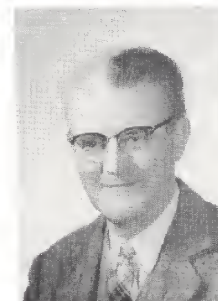

MANUAL TRAINING

The manual training classes teach boys how to use woodworking tools. They also teach the processes involved in the making of furniture, and at all times they stress safety measures.

Besides making their own individual projects, the manual training classes perform many services for the school. They build closet shelves and bookcases, and make minor repairs throughout the building. This year the boys constructed dictionary stands for the nine English classrooms and bulletin boards for the Math Club.

HONOR WHERE HONOR IS DUE

The National Merit Scholarship Service awarded Letters of Merit to those students who were in the top two percent of those taking the test across the country. Those students at THS who received a Letter were Seth Braunstein, Virginia Rounds, Barbara Wood, Kathryn Costa, Barbara Illingworth, and Joshua Gutman.

Alan Goulet, clarinetist and saxophonist in the THS Band, held the second solo seat in the Massachusetts All-State Band. Al also held first solo chair in the Southeastern Regional Band Concert.

Alan's capability as a band leader was also displayed this year when he conducted the Band during Mr. Robert Park's absence.

Joshua Gutman was THS's delegate to the Massachusetts Legislature on Student Government Day in Boston. Josh submitted a bill requiring state examinations for all secondary school students. This was the first time that a bill from THS had been accepted.

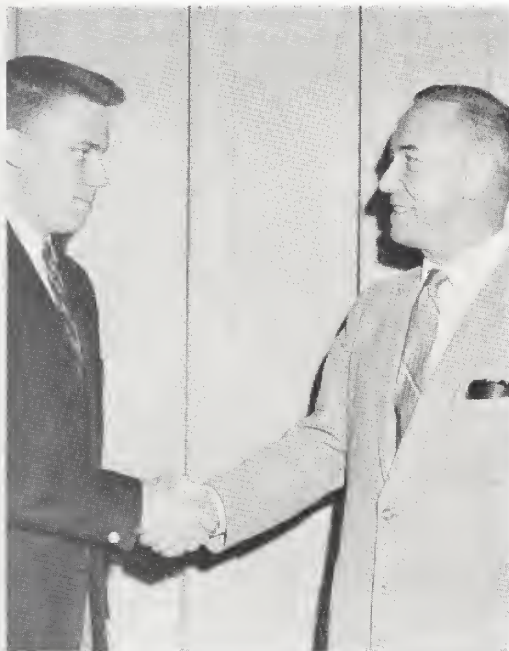

HONOR WHERE HONOR IS DUE

A citation for outstanding services rendered in and out of school was presented to the High School Red Cross by the Massachusetts Department of Education and the Massachusetts Secondary School Principals' Association. Accepting the award for the organization are Brayton Willis, Linda Gregg, Miss Grace Hopkins, Nancy Wedmore, and John McDermott.

The Betty Crocker Future Homemaker of America Award was presented this year to Nancy Chase. Nancy attained the highest score in the written examination among her fellow participants at Taunton High.

We are all proud of W. Bradford Dodson who has been selected to attend the United States Naval Academy.

Susan Short was selected by the faculty to be the recipient of the Daughters of the American Revolution Award. This award is presented annually to a senior girl who is outstanding in scholarship, leadership, and patriotism.

Candidates are elected to membership in the society, which is similar to Phi Beta Kappa in college, on a purely honorary basis. To attain membership, a student must be outstanding in scholarship, leadership, service, and character.

The society, under the sponsorship of Miss Helen Dykas and Miss Anna Fenton, has four objectives: to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character.

Each spring at a ceremony, to which the parents of new members are invited, juniors with an average of 90 per cent and seniors with an average of 88 per cent are inducted into the society.

The Tauntonian, an award-winning paper for many years, was first published in 1922. Miss E. Lillian Shaw was its adviser until 1949 when Miss Agnes T. Laughlin, its present adviser, assumed her duties.

In addition to the mastery of clear and concise English, the application of journalistic techniques, and the understanding of journalism as a possible vocation, work on *The Tauntonian* develops good judgment, an awareness of tact and diplomacy, and an application of accuracy, fairness, co-operation, leadership, courtesy, and reliability.

The Tauntonian staff published eight issues this year, including one introductory issue which acquainted new students with the paper. In October, editors and some staff members attended the annual Boston University Scholastic Press Association Convention where the paper was awarded a Superior Achievement certificate. The paper also received ratings from the Columbia University Scholastic Press Association Convention and the National Scholastic Press Association Convention.

The Student Council was established in 1926 with four aims in view: first, to create a higher quality of school spirit; second, to encourage wider participation of the students in school activities; third, to aid in the solution of school problems through a closer cooperation between the student body and the faculty; and fourth, to improve the general welfare of the school.

This year the Student Council, with its sponsor, Miss Mary P. McMahon, and its faculty representative, Mr. Robert V. Daly, held its annual Parents' Night Supper on March 28, and sponsored Student-Teacher Day and Student Dress-up Day on April 10. On December 28, the Council helped to sponsor a dance for the benefit of the Citizens' Scholarship Fund. Selling book covers is a regular activity of the Student Council, which decided this year to open a paperback book store to be available to all students.

GIRLS' LEAGUE

The Girls' League is a service organization and honorary society of top senior girls who have shown leadership and good citizenship in their school.

The girls have monthly meetings at which they present various programs. Besides the annual Christmas party and summer outing at Miss McMahon's summer home, they invite former members to attend their meetings and relate their college experiences.

The girls are on duty in Miss McMahon's office during the day. In addition to helping Miss McMahon, they also aid the office secretaries and deliver notices to the teachers.

Judy and Betty labor for the Girls' League and the betterment of the school.

The Taunton High School Band, always under the direction of Mr. Robert H. Park, began in the fall of 1924 when a group of eighteen students asked Mr. Park to be their leader. For the first ten years the band was supported by donations and the money which the students themselves could raise. Afterwards, the city provided them with music and money with which to purchase instruments.

The band presented its annual spring concert May 23. It featured the swing band, which was organized last year. In addition to the concert, the band plays at all football games. It also plays for school and civic programs.

"We have a green team. The only thing I ask is that they improve with every game." Coach Ham Lane's remark summed up precisely Taunton High's 1961 football team. With only seven lettermen returning, the squad demonstrated hard work and outstanding school spirit, not reflected in their record of eight losses and one tie.

The one tie, the turning point of the season, came against Fairhaven. Bob Mendoza galloped 46 yards for a touchdown during the first half; Cordeiro added two points. With the help of Dennis Marsden's blocking, Cordeiro raced to the nine yard line. Tom Lima went over the line on the next play, making the score 14-0. In the fourth quarter the Blue and White unexpectedly scored two touchdowns, closing the game with an even 14-14.

Coyle hit Taunton in the annual Turkey Day thriller, which ended with a score of 14-0. Bill Tripp, who intercepted a Coyle pass on the five-yard line, and Bob Mendoza, whose 37 yard run was the longest of the game, were the outstanding players.

Medeiros, manager.

Handicapped by lack of height and inexperience, this year's basketball team compiled a record of three wins and fourteen losses. With Co-Captains Steve Anderson and Bruce Texeira, the only lettermen returning, Coach Ham Lane and his "green" but determined team had expected an unsuccessful season.

In the second game of the season the Herringtownners competed against Oliver Ames. With six seconds remaining, Billy Tripp's field goal sent the game into overtime, but two foul shots by the opponents sunk Taunton, 63-61.

Four games later, Taunton scored its first victory. Bruce Texeira with twenty-two points and Fred Rugg with eighteen led the successful attack against Bishop Stang. Later in the season the Orange and Black snatched another win from Stang.

After the regular season, Taunton entered the Bay State Tournament, but was defeated in its first game by North Quincy.

Co-captain Bruce Texeira stood out as high scorer of the year, with an average of nearly eighteen points a game. Also seeing much action were Co-captains Steve Anderson, Joe Pimental, Fred Rugg, Gene Jones, and Billy Tripp.

This year was again a building year for the THS baseball team. Center fielder Bill Cordeiro and right fielder Brian DeMoura were the only returning lettermen. The team felt a lack of good pitchers and hitters.

Players who returned from last year were seniors Dave Emond and Joe Pimental; juniors Fred Rugg and Ronald Scrozinski; and sophomores Bill Tripp, Bruce Teixeira, John Kenny, Joe Dias, and Jerry Klein.

Again enjoying a successful season with eight wins and three losses, the THS Girls' Basketball team, coached by Miss Doris Coddington, placed fourth in the Narragansett League. Spearheaded by Co-captains Lorraine Thomas and Patti Netto, the girls displayed excellent teamwork, especially when competing against Durfee, Dighton-Rehoboth, and Dartmouth.

Demonstrating good defensive strategy, the Orange and Black downed Durfee 57-32. High scorer Mary Hyland totaled 35 points, with Betty Meunier and Patti Netto scoring fifteen and seven points respectively.

THS guards again displayed excellent defense work against Dighton-Rehoboth. Betty Meunier led the girls, tallying nineteen points as THS snowed the opposition, 48-29.

Led by Betty Meunier and Mary Hyland, the THS squad defeated Dartmouth 54-42 for their sixth victory.

GIRLS' BASKETBALL

It's that body English that counts.

Patti waits for tap from teammate.

Jump high, Taunton High.

THS scores on fancy hook.

"Look ma, no cavities!"

"There's a cheer from the stands . . ."

All eyes on Bill??

Mike at the mike.

And the Band always scores a victory.

"Ah, come on Mr. Lane. Send me in."

One of the brighter moments.

Something to smile about.

We've got something that Coyle lacks.
